Trainer: Alastair Ross

RE and SACRE

Religious Education Primary Network

Keep in touch with the latest resources, developments and advice in RE. Discover good practice, ideas and strategies to take back to school.

Outline

An RE network is provided for primary teachers each term. The detailed programme is prepared a few weeks beforehand and will reflect the needs, requests and context at the time.

Description

Network meetings will include updates on news and resources and input on classroom strategies and activities. There will also be opportunities to network with colleagues and to share good practice.

A subscription to the full network package for the year allows up to two places per school at every network. It also comes with an additional provision of an hour's free RE consultancy, support or advice, either in school or virtually, at a convenient time during the year.

Outcome

Keeping in touch with good practice and pedagogy in RE

Audience

Primary RE leads and teachers.

Booking Information

Bookings to <https://tamesideservicesforschools.uk>. Enquiries to Alastair Ross (alastair@penninelearning.com)

The RE network is priced at £50 per network or £120 if you subscribe for the year (both including two teacher places)
